

FAIRBANKS WASTE REDUCTION WEEK KID'S POSTER CONTEST

Fairbanks Waste Reduction Week is a collection of free community events from March 4th - 9th to get the community involved in reducing local waste. Green Star and Compost FBX are working together to host fun activities for families and we need your help to get people excited. Draw a picture for our poster that illustrates "reducing waste in Fairbanks." Waste includes recyclables (papers, cardboard, cans, etc.) , compostables (food waste, wood, animal waste, etc.), waste water (taking long showers, etc.) , and waste electricity (leaving the lights on when you leave the house, etc.).

We will print the winner's design on our flyers and post them around town. The top 3 winners will have their design printed as a large poster and proudly displayed at the Fairbanks Waste Reduction Week event on March 9th from 12 - 5 pm at the J.P. Jones Center and get to take their artwork home along with some cool prizes! Bring your family to come check it out!

Name _____ Parent's Phone Number _____

Once you're finished, return your poster to whoever you got it from (your teacher, the Children's Museum) or have a parent scan and send a copy to liz.fswcd@gmail.com by Feb 15!
